 Commissioner for Patents
 P.O. Box 1450
 Alexandria, VA 22313-1450

Sir:

This is in response to the Notification of Missing Requirements under 35 USC 371 in the United States Designated/Elected Office (DO/EO/US), the Notice being dated March 29, 2006.

Submitted herewith are:

- (a) a copy of the Notification of Missing Requirements;
- (b) a Declaration form executed by the inventors;
- (c) two (2) Power of Attorney forms executed by the inventors.

The Commissioner for Patents is hereby authorized to charge the surcharge fees due for the above-identified patent application in the amount of \$65.00 to Deposit Account No. 13-0439. Further, the Commissioner for Patents is hereby authorized to charge any deficiency in any fees due with the filing of this paper or credit any overpayments in any fees paid on the filing of this paper to Deposit Account No. 13-0439.

Further, the Notification of Missing Requirements indicated that Applicant was required to comply with the nucleotide sequence and/or amino acid sequence disclosure under 37 CFR 1.821-1.825. A careful review of the application indicates that the application does not contain any sequence disclosure and is not required to comply with 37 CFR 1.821-1.825. The claims disclose branched organic compounds identified as polyamines, not polypeptides. Disclosure of a polyamine does not require the filing of a sequence listing for enablement. In point-of-fact, the structure included in the claims defines the polyamines. Thus, Applicant respectfully requests withdrawal of this requirement.

Having now complied with all of the outstanding filing requirements, Applicant respectfully requests that this application be placed upon the files for examination.

Respectfully Submitted,

Date:

5/25/2006
